

Thank you for being flexible as we have modified our services to curbside appointments. In anticipation of your appointment, we ask that you fill out our previsit questionnaire. This will help us better understand what care your pet may need during their appointment. You can return this sheet via email (generalboothvet@gmail.com) or bring it in at the time of your visit. Please enter "Pets Name and Last name - PreVisit Questionnaire Completed" in the Subject Line of your email.

When you arrive for you appointment, please call our customer care team and let them know which parking spot you are parked. One of our veterinary assistants will come out to your car and ask that you walk your pet to the front door. From there, we will bring your pet inside into an exam room and a doctor will call you to discuss the exam. Following the exam, our customer care team will call you to get you checked out and we will ask that you meet us at the front door, so we can assist you taking your pet back to your car.
